Hey there Jim (& Lisa),

Great to hear from you. It's been a long time.

I know we've looked at that corner before and there's a reason why it's absent of any furniture but I can't recall exactly why off the top of my head. We worked with LADOT on the light green, kind of curvy furniture you see out there that is now being maintained by the BID, and we placed the silver transit shelters you see elsewhere around Santa Monica and Highland/Vine as a part of the same project. Let us take a look at it and get back to you.

If you have any further questions about the City's transit furniture programs, feel free to reach out to myself or my associates Sergio Samayoa and Mike Ahmadi at any time.

Sincerely,

Lance, this is Jim Omahen here! You may remember me from years gone by when I worked for then Councilmember Garcetti . . . and Kathy Cerra and I were working on a Glendale Blvd. Streetscape Plan for Atwater Village. I'm sure I had thanked you, but will again. You were the best!

I'm now working for the Hollywood Media District BID as Operations Manager. Lisa Schechter is our Executive Director.

Michael Turner referred us to you regarding our wish to have a bus shelter installed at a bus stop on the northeast corner of Santa Monica Blvd. and N. Highland Ave. Can you advise? Thanks again!
